SUN BEAMS

By WALTER M. BARRETT

In voting almost unanimously in favor of the new fire truck, residents of Truckee proved two things. First, naturally, that they really want the fire fighting equipment, but more significant is the fact that by "plugging" together the voters here can put over things of a beneficial nature. People may have different opinions on many issues, but when one vitally effects the community, then they can pull together. This was shown in the election yesterday. Credit for the huge majority vote cannot be taken by any individual or group. Although the fire department boys worked hard and consistently , your newspaper waged a lengthy argument and individuals and groups talked favorably, the thing would have been impossible had not everyone tossed aside personal feelings and thrown their support behind the program. It is gratifying to know that in possible future issues, Truckee can be depended upon to do the right thing in the right way.

Life, which held so much for them and from which they were entitled to receive a full measure of happiness, was snatched from three members of one family this week because of an accident-an accident which might just as easily have been avoided as it occurred. Speed and carelessness on the highways are contributing more and more to the grim reaper's score and despite the usual caution signs, numerous officers and frequent grim reminders in the form of mangled and mutilated bodies there seems a hystrical desire on the part of many drivers to reach some point in the quickest possible time without any apparent reason whatsoever.

In spite of all it's accidents the 4th was a big day in this region. Businessmen reported more and bigger sales than at any previous Fourth of July celebration and visitors found in Truckee and Tahoe regions the right place to relax and enjoy a respite from their labors in the hot valley cities and towns. They were given a nice reception here and we hope they return often.

Although not an immediate resident of Truckee, Ed Harmon, manager of the Tahoe Tavern Golf Club's property near Boca, has done a great deal to show his interest in the town during the past few weeks by a single-handed solicitation of the town which netted more than $400 for the fish planting program. Not a fisherman himself, Harmon believes in perpetuating the sport and has a lot of credit due him.

Another one of these insidious printing salesmen called on the businessmen here last week and walked out with some good Truckee money- money which just as easily could have been kept working for Truckee interests.

Fire Truck Issue Passes Here By Largest Majority Recorded; Equipment Will Arrive Soon

Only Five Votes Are Cast Here Against Bond Issue To Secure New Fire Fighting Equipment Here

IMPORTANCE OF NEW TRUCK IS SHOWN

163 Ballots, With 158 Voting For Small Increase In Tax To Provide Much Needed Fire Truck

By probably the biggest majority that was ever recorded on an issue of major nature, the voters of the Truckee Fire District Wednesday went to the polls and showed their desire to procure a new fire truck and equipment by a 30 to 1 majority.

There were 163 votes cast. Five voted against the propoosition and 158 voted in its favor.

With no longer any doubt as to the desire of the local taxpayers to provide themselves with the much needed equipment, it is believed that the truck, ordered several weeks ago in Sacramento and now ready for immediate delivery, will be here within the month.

A rigid campaign to get the truck has been conducted by members of the fire department and others who have the interest of the community at heart. Through public address system, newspaper advertising, house-to house and telephone campaigns nearly everyone was advised to support the issue. These methods were simply reminders as everyone familiar with the old truck and equipment fully realized the dire necessity of having it replaced .

Bank Deposits Set New Mark Here In One Day

$62,000 Deposited Here In One Day Following 4th Holiday

Setting a new record for any day since it's organization, Bank of America deposits here Tuesday totalled $62,000, according to Manager C. B. White.

Many of the larger deposits came from the Lake Tahoe area, although Truckee merchants contributed largely to the sum.

PIONEER TAHOE DOCTOR EXPIRES IN SACRAMENTO

Another pioneer of Lake Tahoe area to pass away last week in Sutter Hospital was Dr. Etta Farmer, well loved woman physician of Folsom who has summered at Homewood for years. She was 64 years old and had been in poor health for some years. She died on Thursday.

Last rites were conducted in Sacramento by Rev. P. D. Lascellis of Folsom a lifelong friend. Cremation followed. She had followed in the footsteps of her father Dr. W. H. Smith an early day El Dorado physician and was always eager and willing to offer her services to those in need.

A husband W. E. Farmer, a brother and stepmother survive. Pall bearers were doctors Orrin Cook, Ralph Graham, A. M. Henderson, C. M. Wallerius, Henry Saverion and G. M. Spencer, fellow physicians.

Four Killed, Many Injured In Auto Accidents In This District In Holiday Week End Traveling

Three Members of One Family Killed at Cisco When Car Is Demolished By Heavier Machine On Wrong Side of Road

ONE LITTLE GIRL SURVIVES FATAL ACCIDENT

Negro Chauffeur Arrested After Collision, Held In Custody At Sacramento Hospital With Injuries; Many Are Hurt

Four persons were killed and more than a score of others injured, many of them seriously, in a series of automobile accidents in the Truckee and Lake Tahoe regions over the Fourth of July week end.

The dead are:

Asa Eddings, 36, North Sacramento tractor operator.

Mrs. Eddings, 32, his wife.

Betty Jean Eddings, 9, their daughter.

Herbert W. Clark, Jr., 19, Berkeley.

The Eddings family were killed early Sunday morning near the bridge over the Yuba river west of Cisco, when their car was struck headon by one driven by Raymond Smith, a negro chauffeur, operating a big car for William J. Williams, Santa Monica, who was in the car.

Officers said Smith was driving on the wrong side of the highway going west when the collision occured. The light sedan occupied by the Eddings, en route to the mountains to enjoy the holiday, was demolished.

The negro suffered a fractured jaw. He was arrested at Colfax after a search had been made for him and is under police guard in a Sacramento hospital charged with negligent homicide. Other occupants of the Williams car escaped serious injury.

The only member of the Edding family to survive the crash was little Marie, five, who suffered only from minor bruises. She was taken to the home of Dr. and Mrs. J. H. Bernard in Truckee where she has been promised a home unless relatives decide otherwise.

A small white dog, playmate of the children, also survived the crash.

The accident was classified as the most gruesome ever witnessed on the Donner highway. The bodies of the victims were horribly mangled. The car did not turn over but was telescoped by the heavier machine.

Young Clark met death at 3 o'clock Friday morning when the car he occupied with three other young people left the highway on Dollar Hill, Lake Tahoe and was wrecked.

His companion were taken to Reno for treatment and all are expected to recover. Clark's body was sent to Berkeley by the Laity Funeral Home.

Details of the accidents at Tahoe may be found in the Tahoe Section News of the Sun.

It was reported here that more serious accidents occured over the week end than in any other similar period in the history of the highway.

One man, John Phillips, was seriously hurt Saturday night when his car was sideswiped near Boca and plunged over the grade. His face was crushed. Phillips was taken to a Sacramento hospital by Harold Laity. His car is at the Stone Garage.

Nearly Four Cars Per Minute Pass Truckee Sunday

An average of 230 automobiles or nearly four cars every minute passed over the main street of Truckee over a 12-hour period on Sunday, a check by a highway scout revealed.

Local businessmen reported it was the biggest Fourth of July from a standpoint of business they have ever enjoyed. Bank officials verified this claim.

The weather was ideal for travel and thousands of motorists from the valleys flocked to the Truckee-Lake Tahoe region for relief from the sweltering lower climes.

Twenty-one drivers were cited to appear before Justice of the Peace C. E. Smith charged with violating traffic rules.

Four accidents of serious nature occured in this immediate vicinity.

IT'S ALL OVER NOW

Promptly at midnight last Friday California debouched from the somewhat hazardous labyrinth of legislative procedure. The lawmaking is all over for another two years.

At that traditional deadline hour some half a thousand bills in the huge pile tossed carelessly on the Governor's desk by the adjourning Legislature a month ago, automatically died because he had not signed them.

Virtual life and death power which rested for four months in the hands of duly elected representatives of the people, then another month in the hands of one man, rests now again only in the law as it is written.

For a while, at least, we know where we stand, and that we won't be suddenly somewhere else tomorrow. And that is something.

California's one-man Legislature didn't do so badly in the matter of volume. Single-handedly he put across dozens of bills by unanimous vote through the simple expedient of appending his signature to them. In the long list you will find new laws touching on every conceivable subject——pensions, power, automobiles, taxes, schools.

There are, in fact, too many laws even to read, let alone to study and understand. But who cares? The show is over for a while, and Californians are drinking their breakfast coffee with greater cofidence.

THE THINKING DEPARTMENT

A new efficiency expert, who considered it his duty to report inefficiency whereever he found it, turned up an interesting story the other day in a big eastern manufacturing plant.

After praising the plant's economy of operation and the general efficiency of its workmen, the expert said to the owner: "My instructions didn't cover a report on the executive department, sir, but I wonder if you are aware that Mr. Jones hasn't been assigned to any definite type of work—in fact, seldom does any work. He's always unoccupied when I pass through his office, yet I find that his salary is listed on your books at $10,000 per year."

The owner's startling reply was: "He isn't paid to work. He's paid to think—eight hours a day!" It developed that one of the thinker's ideas had cut the company's production costs more than a million dollars a year. Another idea from the thinking department had converted waste materials into a valuable by-product, boosting the company's revenues. "If he gets one good idea a year, he's worth more than I pay him," said the industrialist, "but he does better than that Last year he got three!"

A picture of modern day industry, with it's mass production methods, inagurating a Thinking Department, on an eight hour day schedule, may seem a bit inconguous. But perhaps it's a necessary development in our high speed civilization. Certainly there s a vital need for thinking. And there's little competition in the field for new ideas. It's wide open for devedopment.

THE "GO" SIGN

This is the season when city folk trek to the country to see the green fields, wild flowers and babbling brooks—to get the feel of the earth again and to taste fried chicken on a wood stove. It's the time when country dwellers "go to town" to shop and see the shows and absorb the sophistication of urban atmosphere; when West goes East and vice versa. In fact, it's the time of the year when new scenes intrigue, and familiar fields look greener to us all. It's vacation time!

The big push has begun, and California, having presented her annual bids to the nation, gets few "regrets" from travel wise America. Gas and oil wholesalers and distributors report mounting sales; the East-to-West streamliners are loaded to capacity on every trip dealers in hunting, fishing and camping gear and general vacation equipment are doing a rush business; and the resort business is booming.

At this season, all Nature flashes the "Go" signal—and humanity, weary of humdrum life at home, looks toward greener fields and is glad to go.

He's Still With Us!

Politically Speaking

By GEORGE E. HELMER

United Press Staff Correspondent)

SACRAMENTO, July 8 —(UP)— Further indication that Governor Frank F. Merriam is thinking of seeking another term..or at any rate that his political friends are thinking that way for him..was seen in the wide distribution of copies of two editorials praising the governor.

Distributed under the heading "California News Bureau", from which administration publicity is mailed from time to time, the releases quoted the Inyo Independent as saying editorially that "Governor Merriam will probably toss his hat into the ring again. It is interesting that today Governor Merriam is stronger than he was when he was elected four years ago.

An editorial in the Orange Daily News, of which Justus Craemer, assistant director of public works and close friend and advisor of the governor, is publisher, commented upon the governor's announcement that he would veto the dog track gambling bill, then devoted four paragraphs to praising the executive's record.

The governor has been so busy studying nearly 1,000 bills during the past month that his friends doubted whether he had much time to devote thinking about a new term.

The political pot will begin boiling faster during the summer, however, and from all indications it appeared the primary next year would draw a record size list of candidates from both major parties.

Merriam and Lt. Governor George J. Hatfield were mentioned most porminently as republican prospects. If both enter the race formally, there will be a merry contest. It is common knowledge here that Hatfield people are all set to launch a vigorous campaign and are deeply interested in reservation of the name "Dockweiler the possibilities of having Merriam as an opponent.

Congressman John F. Dockweiler, Los Angeles was the latest democrat to enter the race. He approved the for Governor, Inc." thereby indirectly announcing his candidacy.

Nearly a dozen other democrats are being talked about as potential candidates. They include Senator Culbert L. Olson; J. F. T. O'Conner, United States comptroller; Pierson Hall, U. S. Attorney in Los Angeles; Sheridan Downey, who ran second in the lieutenant governorship race in 1934; Daniel C. Murphy, San Francisco Sherrif; Congressman Frank H. Buck; Clifford Anglim, Richmond, democratic state chairman; Herbert Legg, Los Angeles supervisor, and Raymond Haight, Los Angeles attorney who ran for governor on the commonwelth and progressive party tickets in 1934.

Another angle appeared when the National Democratic Club of California, a Los Angeles campaign group, sent out placards listing a ticket of "Roosevelt for governor; McAdoo for reelection as United States senator." The Roosevelt name is Dr. Charles W. Roosevelt.

In the last election there were 17 candidates for lieutenant governor before the elimination process began. If Hatfield decides to go for the governorship this year, observers believed there would be another big free-for-all for his post as lieutenant governor and president of the senate.

During the last few days of the bill signing period, the governor's office had all the appearance it holds at the beginning of a new administration regime when office seekers swamp the executive with requests for jobs.

BOAT RACES SCHEDULED FOR SUNDAY AT TAHOE

CAR CRASHES MAR HOLIDAY FETES IN TAHOE DISTRICT

Tahoe City, July 8—Although the tragic toll of life and limb suffered on the night of July 3rd, and the morning of the fourth were extremely regrettable it is after all a very small percentage when taking into consideration the huge throng of visitors.

Patrolman Gene Walker, assisted by Officer Everett McKee of Sacremento and Constable Harry Johanson of Tahoe, were on constant duty.

Officer Walker's week-end record reads something like this: On Friday 3 p.m., Messie Falvey of Reno, was arrested for reckless and drunk driving near Tahoe and fined $25 before Judge George Bliss.

About three fifteen p.m. car driven by Wilmer Blomingdale, 30 of Reno, went down bank 200 feet this side of Hog Pen Hill, rendering driver unconsious. He was taken to office of Dr. Perderson on stretcher for medical attention. Afterwards fined $100 before Judge Bliss for reckless driving with injury. Companion A. L. Hauser, owner of car, received cuts on head and sprained ankle.

About 7 p. m. Friday night Henry Grule, 22, and Vernon Armstrong, 19, of Sacremento wrecked car just across state line near Cal-Vada. Armstrong unconsious with concussion of the brain and fractured skull. Both boys received medical attention from Brockway doctor, then were taken to Sacramento by ambulance. Too much speed, failed to make a turn.

Just before midnight near Tahoe fish hatchery car containing four boys and driven by Bernard Connolly, of Reno, missed curve and struck a tree and was badly wrecked. He received broken ribs, lacerations cuts and bruises and was believed to be internally injured, Robert Juch, 20, of Berkley, slight cuts and bruised. Owen Landrith, 19, Hobart Mills, bruised and cut and B. R. Watts of Berkley, star U. C. track sprinter, badly injured back and legs, torn scalp, eye and face injuries. His condition was reported as fair by St. Mary's hospital in Reno where he and Connolly were taken. Other two boys returned to Hobart Mills by

LUNCHEON GIVEN IN HONOR OF MRS. LUNSFORD OF LAKE

Tahoe City, July 8—Ms. J. E. Selson, whose summer home is near Cal Vada on the north end of Tahoe, was hostess at a delightful luncheon party Friday on the new Terrace Blue of Prusso's Forest Inn on Ward Creek just opened to the public.

..The affair was given in honor of the departure of Mrs. E. F. Lunsford of Reno, who with her husband will leave on July 9 for Honolulu.

Three long tables were adorned with ukeleles filled with blue cornflowers and white stock, carrying out the color scheme of Prusso's blue and white fringed awnings which cover the entire front of that resort's new semi-circular rock garden terrace with it's fountain. Between bowls of the flowers were placed little blue and silver ships filled with nuts and candies. A fragrant lei was presented the honored guest, made entirely of white carnations, and carrying the hearty good wishes of her friends for a "bon voyage."

Guests who attended included Elizabeth G. Cantwell, Ruby Skeels, Margaret M. Muller, Gladys Foster, Mercy Campbell, Elizabeth Adams, Marjorie Kingsberry, Margaret Donovan, Marian Griswold, Nellie E. Copper, Susie C. Snydeer, Mrs. J. H. Clemmons, all of Reno, Mrs. Walter Hempel Sr., of Brockway, Katherine S. Withers, May Steinmiller, Alice H. Fuetsch, Ruth Shippaugh, Mrs. Ivy C. Caffry, Covia Retmeer, Madge Hale, Mable Samuels, all of Reno, Mrs. Oscar H. Alexander of Cry of Stal Bay, Ruth Hempel of Brockway, Ruth Zarion Nelson, Helen Reynolds and the hostess of Reno.

11,000 CARS PASS TAHOE CITY OVER THREE-DAY PERIOD

Tahoe City, July 8—The Fourth of July influx of vacationists from nearly all states of the union far surpassed that of other years in the opinion of many local resort owners and businessmen who with weary clerks settled back in satisfied relief as traffic diminished to something like normal. Well-filled tills, some almost beyond belief were general rule as the three day holiday drew to a close, one of the liveliest and most prolific Tahoe has ever known.

A highway scout stationed at the government camp at Tahoe Park informed this correspondent that 3,000 cars passed his station on July 3rd and 5,000 had passed on July 4 at 10:00 p. m. At least another 3,000 passed on the 5th making a grand total of 11,000 cars to pass this one given point on the west side of the lake during the three-day period. A fair estimate can hereby be gained of the complete traffic total in the entire region.

Tahoe . . . . Ramblings . .

(By SWANEE)

Father Matt Oberaigner, a newcomer to the Truckee-Tahoe region, and just ordained on last May 25 at Sacramento, celebrated mass last Sunday at the Catholic chapel near the tavern and delivered the second sermon of his career. The overflowing congregation found his talk interesting and sincere and assure him and Father Daley of their loyal support and cooperation during the summer season. Catechism instruction will be given all children of the parish following the 10:30 mass each Sunday. Mrs. Charles Kendrick of Tahoe Park will accompany the choir during her period of summer vacation.

Mr. and Mrs. William Oliver and two children, Walter and Anna Rae, of Oakland enjoyed the week end at the home of Mrs. Oliver's mother, Mrs. Etta Tyler of Lake Forest. Mrs. Oliver's health is much improved since her departure from the lake last fall.

The Misses Adeline Peters and Eleanor Beecher of Burlingame were week end guests of the L. R. Van Luvens at their home in Bettencourt Tract.

Harold Ambrosch, former Tahoeite and now a Los Angeles photographer enjoyed visiting old haunts of the lake region over the past few days. He found many changes and improvements since his last visit.

Mr. and Mrs. A. R. Westphal of the Sunnyside district entertained as their guests over the holidays Mr. and Mrs. Henry Cantor and Mr. and Mrs. James Harvey of San Francisco.

Visitors were being excluded from the sickroom of Bert Watson, well known local resident who five weeks ago suffered a serious attack of pneumonia from which he failed to rally. A relapse this week caused his physician, Dr. C. B. Pedersen to order tanks of oxygen administered. A trained nurse is in constant attention. His many friends, deeply concerned over his protracted illness, sympathetically offer sincere wishes for a speedy and complete recovery.

Mrs. George Pope was among Tahoe's "first families" on Friday to open up her summer home on the lakeshore. Guests who arrived on the third to remain for a week included Mr. and Mrs. George Pope, Jr., Mrs. Dunn Dutton, Gen. Thornwell Mullaly and Mrs. George Newhall.

Mr. and Mrs. Bruce Kelham and daughter enjoyed the holidays with Mrs. George Kelham at her Tahoe Park home.

This week end saw Mr. and Mrs. Herbert Fleishhacker and Mr. and Mrs. Herbert Fleischhacker, Jr., and Alan Fleischhacker enjoying the cooling breezes of Tahoe at their attractive estate near Eagle Rock.

Tahoe's elementarians are having a week's vacation in celebration of Independence Day. Otto Fox is giving orchestra instruction, nevertheless during the holidays.

Highways and byways of graveled roads in the Tahoe region are newly coated with oil and while they may eventually become better roads, this week sees local motorists doing little undertoned cussing as lovely new cars are bespattered with the dingy mess. Most of the nasty spots in the highways have also been repaired.

Jimmie Johnson of Felton was a visitor at the lake on Sunday.

RESTRICTIONS ON BUILDING PLANNED IN TAHOE REGION

Tahoe City, July 8—Immediate legal action is planned by the newly organized property owners league of Tahoe Park to insure observance of the building restrictions to which this popular district is subject, namely "for private residences only. Two sets of cabins have been erected in the past year for rental purposes, which it is legally interpreted, is a violation of the tract's restrictions. The directors of the new group are all property owners in the affected area, and include Albert J. Caton of Reno, Mr. Sanford and Wade Brooks of Oakland, Matt Green of Tahoe and Dr. Jos. W. Scamell of Piedmont. Mrs. William Lambert is the secretary-treasurer.

The association not only contemplates enforcing restrictions of the tract but plans to underwrite zoning ordinances for all property owners between Ward Creek and Tahoe Taven.

Little Billie Bechdolt is sporting a new motor-scooter as a present for graduation from his father.

Young Henry Kaiser, Jr., suffered a broken knee cap last week while playing on one of the contraptions and is now restingup at Tall Pines with his leg in a cast. Dr. Pedersen administered medical attention.

The Leon Ross family holidayed at the Tahoe Tavern.

Duncan Pell and son, Duke, of San Mateo are visitors of the Theo. J. Kruttschnitts at Tahoe Park. Other guests were Mrs. Anne Pell of the same city.

Major and Mrs. Charles Kendrick of San Francisco arrived of Friday for the summer season at their home in Tahoe Park.

Mrs. J. M. Fuller, granddaughter of Mrs. Ed Wagner, surprised her relative when she arrived with her husband for a visit from her home in Beverly Gardens. It had been years since her last visit to Tahoe.

Mrs. Jean Roth Horta of Canelian Bay is at Tahoe for the summer. Guests at her home recently were Mrs. Nettie Gray of Ojoi, Miss Carrie West, Mrs. Claude Pendley and near the tavern. She is chaperoned

MANY SPEEDERS SLATED TO BE IN BIG RACES

Tahoe City, July 8—This year's boat races, to be held on Sunday, July 11, at 10 a. m., from the Tahoe Tavern pier, promises to be one of the liveliest in the local history according to Edwin Letts Oliver, Sr., commodore of the Lake Tahoe Power Boat club of which Brooks Walker is Vice-Commodore and J. Carroll Skinner of Homewood, chairman of the regatti committee.

Starting promptly t 10, the first race will be the Steven: second the 200 horse-power, which replaces the Gar Wood, formerly one of the Lake's most thrilling; third the Championship of the lake race, which is a free for all; fourth, a new race this year, the 300 horse-power; fifth, the "Bang and Go Back," a novelty event; sixth, the Relay and seventh, the handicap.

For all races except the championship, the course in front of the Tavern pier will approximate one and a quarter miles, over three laps. The championship course to be nearly twice as long, over a two and a quarter mile stretch running further north from the Merchantile pier. Officer Gene Walker will keep the large crowd in order.

A new entry anticipated to stiffen competition this year will be the "Golden Gate" a 220 horsepower Hispano hydroplane belonging to D. Arena of the Bay region. Henry Kaiser, Sr., is also a serious threat again with his rebuilt "Hornet," which now carries a 600 horsepower Packard motor. Henry Kaiser, Jr., is a 18 foot, 175 horsepower supercompressed Garwood, and the "Small Fly," a new 16 foot hydroplane with 175 horsepower Lacombing engine which promises some interesting moments for the Kaiser family. Stanley Dollar's new boat a 600 horsepower Packard, carries the name of the "Mercury," and boasts an enviable record. The "Baby Skip-a-long," ing time champion, will not be

Tom Oliver.

About 3:30 a. m., Saturday morning car owned and driven by Herbert W. Clark, Jr., of Berkley, was demolished when it failed to make a curve on the Dollar grade, killing Clarke instantly when he received a broken neck and fractured skull. His body was removed to Laity's funeral parlors in Truckee. An inquest held at 6 a. m. held death due to automobile wreck.

Russell Thornton Glenn, 25, of Oakland, was treated by Dr. Pedersen for numerous cuts and bruises, and fractured skull and was believed internally injured. Was removed to St. Mary's hospital in Reno. Robert Busby about 21, third occupant, formerly of Pasadena, now living in Berkeley, received a blow on head which rendered him goraggy, hrdl which rendered him groggy, a condition which persisted for some time following the wreck. Guest of E. B. King's place near the tavern.

Sunday morning about 10 a. m. A. M. William S. Malne of Crescent City near Oregon state line, picked up by Officer Walker for driving under the influence liquor. After dangerous chase in thick traffic placed him in city's concrete cooler to cool off. He was still there, without funds on Tuesday morning with his hearing before Judge Bliss scheduled for sometime later in the day.

On Monday several wrecks without causualties occurred. A car occupied by two women, names not learned, struck a tree on the Dollar grade and was hauled in by the Henry garage. They were taken in a state of inebriation to a local hotel. Car driven by a Mr. Alexander left the highway near Tahoe Tavern Hill landing in mud at roadside rightside up. Driver was arrested and fined $10 for operating vehicle without driver's license.

On Monday night about 9:15 p. m., a light roadster driven and owned by Emmett Saviors, 16, was wrecked on curve near Vagabondia Lodge when it left the highway and struck a tree. He and two companions luckily escaped injury altho the car turned a complete somerset. Saviers and George Carr, 17, received bruised heads when thrown headfirst against the windshield, escaping cuts when it broke . John R. Games, third occupant, received broken kneecap, and was treated by Dr. C. B. Pedersen at his Tavern office. All boys were sons of prominent Reno merchants and were on their way to the dance at Meek's Bay resort when the accident occurred.

Officers Gene Walker and Everett McKee, assisted by Constable Johnson investgated all accidents.

New Forms Being Made For State Employers For Payroll Submission

SACRAMENTO, July 8 —(UP)— California employers are being provided with a new form for submission of payroll data for 1936 and the first quarter of 1937, Carl L. Hyde, director of the state department of employment announced.

Only those employers subject to the unemployment reserves act will be required to furnish the payroll data which will be necessary as a basis for pay benefits when the unemployment insurance act payments are started in January, 1938.

CHAPEL SIMILAR TO ONE AT TAHOE TO BE BUILT IN PARK

GERBER, Cal., July 8, —(UP)— A chapel among the pines, similiar to the one at Lake Tahoe, will be erected at Mineral, gateway to Lassen Volcnic National Park.

Land for the church has been donated by W. N. Woodson, founder of Corning.

Trees will be planted in the design of a cross which will enclose the chapel, according to tentative plans revealed by Dr. Walker Gage, rector of St. Peter's Episcopal church.

CHANGE IN DATE FOR GOVERNOR DAY ANNOUNCED

SACRAMENTO, July 8 —(UP)— For the first time in 82 years, governors day at the California State Fair will be held on a Friday this year instead of a Thursday.

SACRAMENTO, July 8 —(UP)— Registration of motor vehicles in California during the first five months of the year totaled 2, 377,260, an increase of 183,484 of 8.36 per cent over the number of fee paid vehicles listed during the corresponding period of 1936.

The biggest increase was shown in pleasure cars, which jumped from 1,971,226 to 2,122,167. Pheumatic trucks creased in number, while solid tired trucks and trailers decreased in numand trailers and motorcycles also inber.

POLITICALLY SPEAKING

(Continued From Page 2)

This time, the crowd was composed of legislators, lobbyists, politicians and representatives of special groups clamoring for favorable action on bills in which they were interested.

On the last day, the governor had more than 600 bills to consider. He locked himself in the council chamber and refused to see anyone except a few favored persons and his "shock troops"....personal friends and advisors called in to aid in the immense task of conducting a last minute check to make certain no measures favored by the administration were overlooked and allowed to be killed by hte pocket veto method.

Friends of Assemblyman Gene Flint looked upon the deadlocked jury in his bribery trial as a moral victory, despite rumors that 10 of the 12 Jurors favored conviction.

"One more deadlock and it'll be over," remarked one of the defense supporters, indicting a belief that a second trial will end as soon as the first one did, unless District Attorney Otis D. Babcock is able to obtain new evidence to strengthen his case against Flint.

Flint was accused of offering Assemblyman Fred Reaves money for a favorable vote on the Welsh Tideland oil bill. The state was unable to prove it's contention that an envelope Flint placed on Reaves desk contained money.
